2017 Golf Season

Golf Season is fast approaching!!! Century Oaks would like to extend a sincere thank you to everyone who has supported the restaurant through our first winter season and a special thank you to our members and Thumb community for the support and patronage throughout the year. It is with your help that drives us to the goal of making Century Oaks a premier golfing and event destination.

Jeff has been working tirelessly with course clean-up through the winter months. He's managed to remove many dead trees and is in the process of getting all the equipment in working order for the coming season. He hopes to have the course open by April 1st, weather permitting.

We are very excited to see our returning members as well as those that have joined anew. There will be many new faces this season as golf course members as well as Century Oaks team members, so join us in helping them to feel welcome.
